### MATHEMATICS, PHYSICS AND INFORMATICS

<i>Nurgaliev I.</i> E pur si muove!	7
<i>Tikhomirov S. A., Lyapin A. P., Ruzanov E. A.</i> On Varieties of Moduli $M_{p^3}(2;0,10)$ and $M_{p^3}(2;0,11)$ of Stable 2-Bundles with Chern's Classes $c_1 = 0$ , $c_2 = 10$ and 11 on Complex Projective Space	13
<i>Andreyev D. V.</i> Composition of Mechanical Engineering Tasks for the Course of Robotics Based on LEGO Technologies	19
<i>Leonov A. G., Pervin Ju. A.</i> The System KuMir in a Non-Stop School Course of Informatics	28
<i>Yastrebov A. V.</i> Analytical Proof of Maclaurin's Theory Concerning Refining of Cauchy Inequality	45
<i>Ognev I. S., Shcherbakova A. Yu.</i> Modeling of SGR Giant Flares	52
<i>Zubova E. A., Smirnov E. I.</i> About Semi-Continuous from Below Calculating and Semi-Additive Functionals on the Topological Group	61
<i>Vdovin V. A., Muraviov A. V., Pevzner A. A.</i> A Method of Adaptive Binarization of the Raster Image	65
<i>Grigorieva E. A., Pevzner A. A., Shakhnazarov S. S.</i> Algorithms to Search Synchronization and Desynchronization of EEG	70
<i>Rublev V. S., Petrov A. N.</i> The PL/ODQL Language and Sets with Indexes	74
<i>Bogun V. V.</i> Research of Interrelations between Isosceles Triangles with Use of Information Technologies	84

### BIOLOGY

<i>Chuprakova E. I., Savinykh N. P.</i> Structure of Individuals <i>Calypso Bulbosa</i> (L.) Oakes and <i>Epipactis Palustris</i> (L.) Crantz from Position of Modular Organization	97
<i>Burdakova E. N.</i> Acetabulum of some members of the order Paramphistomatida (Plathelminthes, Trematoda)	103
<i>Butorova O. F.</i> Cutting of Cupressus Sempervirens in a Greenhouse	112
<i>Stepanjuk G. Ja., Khotskova L. V.</i> Biological Features of Some Species of Tropical Orchids Introduced in the Siberian Botanical Garden of Tomsk State University	115
<i>Eskov A. K.</i> Diasporology of Vascular Epiphytes: Analysis and Systematization of Literature Data	122
<i>Kovalevskaya Zh. V.</i> Features of Root Growing of Species and Cultivars of the Genus <i>Ficus</i> L., Which Supply Their Successful Propagation and Application	129

### PHYSIOLOGY

<i>Lagutina M. V., Gorbaneva E. P.</i> Role of Sensomotor Properties in Functional Readiness of Fitness Aerobics Sportswomen	134
<i>Kaunina D. V., Vikulov A. D.</i> The Physical Working Capacity and Blood Lipids Composition of Highly Qualified Swimmers' Blood Plasma	141
<i>Makarenkova E. A., Malakhov M. V., Melnikov A. A., Vikulov A. D.</i> Comparative Analysis of Influence of Hyperventilation and Exercises on Human Postural Stability	145
<i>Borodina U. V.</i> Use of the Evoked Potentials Method to Estimate Parameters of the Stimulus	149
<i>Muravyov A. A., Batalova E. A., Mikhailov P. V., Akhapkina A. A., Telnova A. M.</i> Mechanisms of Short- and Long-Term Adaptation of Circulation: Possibilities of Modeling in Vitro Experiments	154
<i>Bulaeva S. V., Zamyshlyayev A. V.</i> The Hemorheological Profile of Persons with Metabolic Disorders	161
<i>Miloradov M. Ju., Uzikova E. V., Bulaeva S. V.</i> Blood Cell Interaction: Phenomena and Molecular Signaling	165
<i>Mikhailov P. V., Osetrov I. A., Akhapkina A. A., Muravyov A. A.</i> Age Alterations in Parameters of the Person's Respiration	172
<i>Sukhareva E. G., Egorikhina M. N., Levin G. Ya.</i> Effect of Erythrocyte Microvesicles on Spontaneous Aggregation of Platelets	176

<i>Maslennikova Yu. L., Osetrov I. A., Mikhailov P. V.</i> A Comparative Analysis of the Functional State of Trained and Detained Individuals	181
<i>Spivak E. M., Pechnikova N. V.</i> Assessment of the Functional Condition of the Independent Nervous System in Clinical Physiology of Children's Age	186
<i>Spivak E. M., Pechnikova N. V.</i> Assessment of Vegetative Regulation of the Cardiovascular System with Use of Indicators of Variability of Children's Heart Rate	188

#### CHRONICLE AND INFORMATION

<i>Smirnov A. V., Shalygina E. E., Dorogov M. V.</i> Synthesis of Ciprofloxacin – an Antibacterial Drug	191
<i>Shalygina E. E., Smirnov A. V., Dorogov M. V.</i> A Comparative Analysis of Known Methods of Omeprazole Synthesis – a Pharmaceutical Substance Used in Gastroesophageal Reflux Disease Prepare Production	195
<i>Soloviev M. Ju., Dorogov M. V., Novozhilov Ju. V., Karamysheva K. V.</i> Analysis of reactivity of some phenylpyrazole in SEAr reaction using semi-empirical calculations	201

#### GEOGRAPHY AND ECOLOGY

<i>Kondakova T. Ju.</i> A Historical and Geographical Analysis of Rural Settlements with Purposes of Territorial Planning	208
<i>Olkhov A. A.</i> Confidence Estimation of Statistical Data on the Number of Population in Russia	213
<i>Selishchev E. N.</i> Economic-Geographical Peculiarities in Forming the Territorial and Branch Structure in the Yaroslavl Region	219
<i>Kolbovsky E. Ju., Bragin P. N., Medovikova U. A.</i> Geographical Information Systems for Management of Landscapes in Territories of the Outstanding Natural Historical Value	224
<i>Kosenkov G. L., Kolbovsky E. Ju.</i> Periodization and Reconstruction of Historical Development of the Territory of the National Park “Smolensk Lakeland” for Typology of the Cultural Landscape	232
<i>Zhikhareva O. I.</i> Development of Structural Components of Geoinformation Systems for Purposes of Historical and Geocological Researches of Cultural Landscape	239
<i>Pashkina M. V.</i> Identification, Typology and Assessment of City Morphotypes (on the example of Yaroslavl)	245
<i>Emelianov D. A.</i> Tendencies of Transformation of Rural Settlement in the Yaroslavl Upper Volga: An Ethno-Demographic Aspect	251
<i>Morozova V. V., Tsapuk D. A.</i> Studying of Tourist and Recreational Potential of the Poshekhonsky District of the Yaroslavl Region for Creating the Scheme of Tourism and Rest Development. P. 1. Pointing out of the Task and the Analysis of Potential	258
