

THE CONTENT

MATHEMATICS, PHYSICS AND INFORMATICS

- Bogun V. V.* Use of the Dynamic System of Monitoring of the Remote Educational Projects at Solving Joint Systems of the Linear Algebraic Equations 7
- Kolioskin V. N.* Dynamics of Forces Operating on the Wing Profile in Incompressible Liquid 13
- Balabaev V. E.* Simultaneous Continuation of Analytical Functions and δR –Camber 22
- Kiseliyov A. S., Krechet V. G.* Five-Measured Vacuum Sum with a Vortical Gravitational Field 23
- Kiseliyov A. S., Krechet V. G.* Static Distributions of Substance in Five-Measured Time Space with Non-Metricity 27
- Koloskova M. E.* About Geometry Course at the School named after A. N. Kolmogorov 36
- Pevzner A. A., Shakhnazarov S. S.* Synthesis of a Sound Signal to Correct the Person's Psychophysiological Condition 41

BIOLOGY

- Khokhlova O. B., Fursa N. S., Maltseva Ja. D., Kuznetsova E. D., Sapozhnikova N. G.* Influence of Sapropelic Mixes on Productivity and Quality of Officinal Raw Materials of Medicinal Valeriana 47
- Balandaikin M. E.* Character of Influence of the Forest Stand Sort Structure on Occurrence Frequency of *Inonotus Obliquus* (Pers.) Pil. 54
- Tremasova N. A.* Adventive Component of Flora of the Yaroslavl Region Towns 63
- Komova N. I., Izyumov Ju. G.* Growth of Roach *Rutilus rutilus* (L.) from the Volga Stretch in the Rybinsk Reservoir 70
- Vlasova E. A., Khapova S. A.* Effect of Mineral Nutrition on the Yield and the Number of Strawberry Outlets 75

PHYSIOLOGY

- Volodchenko A. I., Tsirkin V. I., Kostyaev A. A.* The Mechanism of Adrenaline Influence on Speed of Agglutination of the Person's Erythrocytes 80
- Kolchanova O. V., Tsirkin V. I.* Myocytstimulatory and Myocytinhibitory Activity of Blood Serum Rats at Proestrus and Methaestrus 86
- Sidelnikova N. S., Yakusevich V. V., Petrochenko A. S., Tikhomirova I. A., Petrochenko E. P.* Hemorheological and Microcirculatory Parameters in Patients with a Metabolic Syndrome 91

<i>Ovchinnikova O. A., Tikhomirova I. A.</i> Diagnostics of Microcirculation State by Means of Laser Doppler Flowmetry Method	98
<i>Oslyakova A. O., Tikhomirova I. A.</i> The State of Microcirculation Channel and the Hemorheological Status in Norm and in Coronary Blood Circulation Disorders	103
<i>Skorkina M. Ju., Fiodorova M. Z., Muraviov A. V.</i> Membrane Reserve of Lymphocytes in Conditions of Calcic Loading	109
<i>Komlev V. L., Levin V. L., Muravyov A. V., Zaitsev L. G.</i> Haematological and Haemorheological Indicators at Patients with Phlegmons of Maxillofacial Area	115
<i>Mikhaylov P. V., Osetrov I. A., Afanasiev V. V., Muravyov A. A., Akhapkina A. A.</i> Age-Related Peculiarities of Changes Microcirculatory Characteristics in Response to Dosed Physical Loading	119
<i>Bukina L. G., Tyatenkova N. N.</i> Somatotype and Indicators of Girl-Adolescents' Somatic Health	124
<i>Mozzhukhina L. I., Kuzina E. N., Dybova L. N.</i> Assessment of Efficiency of Respiratory Exercise Machines Use in Improvement of Children with Allergopathology in Kindergarten	129

CHEMISTRY

<i>Smirnov A. V., Sapegin A. V., Dorogov M. V.</i> The Comparative Analysis of Known Methods of Ondansetron Synthesis – a Pharmaceutical Substance Used in Antiemetic Medecine Production	134
<i>Smirnov A. V., Sakharov V. N., Dorogov M. V.</i> The Synthesis of Pefloxacin – Antibacterial Medicine	138

GEOGRAPHY AND ECOLOGY

<i>Zhikharev A. M., Zhikhareva O. I.</i> Reconstruction of the Structure of Cultural Landscape of the Russian North by Means of Historical GIS	142
<i>Zhikhareva O. I.</i> Historical and Geographical Regularities of Dynamics and Evolution of Economic Landscape of the Upper Volga Areas	148
<i>Paskhina M. V.</i> Identification of the Essence of Ecological Risks and Their Display by Means of GIS as a Part of the Environmental Protection Section	154
